LB 349, 366

SPEAKER BAACK: Senator Rogers.

SENATOR ROGERS: Mr. Speaker and members, this...would like to return this to Select File. I have three amendments. These all come from the Department of Agriculture, they're bills that were heard in our committee. There was no opposition to any of them. You were just handed out about 10 or 12 pages explaining all these. AM3836 is one that is requested by the Department of Ag, it amends five various laws under their jurisdiction. The changes are technical, they're important to update our current ag laws. They request these technical changes for terms and names, and it would make it consistent with laws under the department's jurisdiction. They talk about liming material, Commercial Feed Act, Nebraska Seed Act, commercial fertilizer, Soil Conditioner Act, commercial feed, commercial fertilizer products, nothing in this amendment pertains to LB 349, I want to make that clear.

SPEAKER BAACK: Thank you, Senator Rogers. Is...we are on the motion to return to Select File for a specific amendment. Any discussion? Seeing none, do you wish to close, Senator Rogers?

SENATOR ROGERS: No closing.
